

Pan East General Contracting Co.

President's Policy Statement.

Our goal is to serve as a main contractor in the field of Oil & Gas , Petrochemicals , Power and infrastructure construction projects , and to continue to work as a leading company in Iraq , in this sector.

Principles we emphasize in-order to reach this goal:

- Pan East General Contracting Company (PEGCCO) is committed to providing customers with quality products and full services that require that we fulfill all agreed requirements.
- We shall steadfastly continue with our endeavors and focus on maintaining and fulfilling the PEGCCO exceptionally premier level requirements and continue to perform and satisfy all our client's requirements.
- Since the company's foundation in 1980, PEGCCO has been delivering quality products and full services to the industrial and civil construction industries.
- For many years PEGCCO has been operating a full quality management system, this has been a significant milestone in PEGCCO's initiative to remain as a market leader by pursuing and implementing a program of continual quality improvement.
- I have appointed Mr. Ghaseb Al Azzawi as the Senior Projects Coordination Director and as the management representative to be assisted by all PEGCCO management and staff. With our company's continual and ongoing program of quality awareness to indentify and ensure that all levels of PEGCCO staff and employees remain totally aware of all changing developments and improvements to the PEGCCO quality management system.
- Assuring the health and safety of our employees, and prevention of injury and ill health.
- Achieving continual improvement in quality, environmental sensitivity and worker health and safety.
- Preserving and enhancing our firm's work force, financial strength, and accumulated experience.
- Keeping & Improving working standards to answer the international market requirements & standards in the Construction fields.
- This policy statement is a commitment by myself on behalf of PEGCCO to ensure we meet our company's quality objectives and as direct instruction to all PEGCCO staff to comply with the company's established quality management system.

In accordance with these principles, we aim to raise the value added to our employees and the society. We take pride in the fact that these principles shall be embraced by our employees and recognized by all organizations with which we work.

Sejal Mobarak

President PEGCCO
